Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1.   (Previously Presented) A method for transliteration of text in Indian languages, the method comprising:

identifying a selected portion of a text in an Indian language; and

transliterating the selected portion into a target script to form transliterated text, wherein the target script is another Indian language that is identified in a user profile, and the selected portion is transliterated into the target script using a look-up table that comprises a plurality of different transliterations for a plurality of different Indian languages.

2.   (Original) The method of claim 1, wherein the step of identifying a selected portion of a text includes receiving a selection from a user.

3.   (Original) The method of claim 1, wherein the selected portion is delimited by at least one of spaces, punctuation, and document tags.

4.   (Original) The method of claim 1, wherein the method is performed in an application plug-in.

5.   (Original) The method of claim 4, wherein the application is a Web browser.

6.   (Original) The method of claim 1, further comprising:

replacing the selected portion with the transliterated text within the text.

7.   (Original) The method of claim 1, further comprising:

presenting the transliterated text.

8.   (Previously Presented) The method of claim 1, further comprising:

identifying one or more synonyms of the selected portion;

transliterating the one or more synonyms into the target script to form transliterated synonyms; and

presenting the transliterated synonyms.
